

## Faculty Review of Open eTextbooks

The [California Open Educational Resources Council](http://www.cool4ed.org) has designed and implemented a faculty review process of the free and open etextbooks showcased within the California Open Online Library for Education ([www.cool4ed.org](http://www.cool4ed.org)). Faculty from the California Community Colleges, the California State University, and the University of California were invited to review the selected free and open etextbooks using a rubric. Faculty received a stipend for their efforts and funding was provided by the State of California, the William and Flora Hewlett Foundation, and the Bill and Melinda Gates Foundation.

## Overall Comments

If you were to recommend this textbook to colleagues, what merits of the textbook would you highlight?

- This text may be used as a supplement if the course were to include a review of Canadian law. There is a strong focus on writing a business plan, which can be beneficial for a specific learning outcome.

What areas of this textbook require improvement in order for it to be used in your courses?

- This book may be appropriate for supplemental reading, not as a text for a Legal Environment of Business Course at a US college.
